

Please send a snack with your child if they are hungry afterschool since we are no longer able to provide one.

Schedule limitations

We regret that there is not space available for any drop-ins or to make changes to your schedule that would add a student on the 11:10 am release days. This year has higher than usual attendance on those days and we are over capacity.

Please check with Youth Programs on the district website since they have some fun activities those days until 2:35 pm and may have openings.

There could be space for Friday. Sept 20th and if you email the office@tvecp.org on Sept 11th we will gladly check, but please do not assume you can add those days.

You are ALL required to prepay your bill-

Thank you kindly to those of you who have been doing this already.

Please login to MyProcare.com to pay with credit card or see your account ledger to pay with a check.

Procare seems to have had a few technical difficulties lately. This *may* be taken into consideration to some degree to allow a day or two grace.

Billing for Monthly schedules

This week we will post charges for September- If you have not paid August charges by Wednesday, August a \$25 late fee will be added and you will not be allowed to attend in September (a couple of you have discussed ahead and that is fine)

In the upcoming months the deadline will be by the 10th of the month. Remember, it is meant to be prepaid before service begins.

Billing for Daily Schedules

Your charges are posted on your account every Thursday for the next week. You can pay several weeks in advance or each week. If your balance is not paid and grows beyond \$100 you will be charged a \$25 late

fee and not allowed to attend until you are paid ahead.
