May 18, 2017

Dear Parents and Guardians,

The Tanque Verde Unified School District recently participated in the voluntary Public School Drinking Water Lead Screening Program conducted by the Arizona Department of Environmental Quality.

We are pleased to report the Arizona Department of Environmental Quality (ADEQ) has shared the lead screening results for drinking water samples collected at all Tanque Verde Unified District schools and the district administration building, and the test results for ALL sites were determined to be less than the screening level. All ADEQ sample collection and screening protocols were followed.

To review the original district letter regarding the ADEQ Public School Drinking Water Lead Screening Program, please [Click Here](#).

To learn more about the screening program or to view the testing results as they are made available online, please visit the ADEQ website: <http://azdeq.gov/LeadScreeningProg>.

Sincerely,

Tanque Verde Unified School District
