All players will ride the bus to away games. Students may only leave away games with their own parents or guardians and must be checked out through the coaches. For another individual to pick-up a student from an away game, prior arrangements must be made through the school athletic director, Heather Isaac.

## Participation

We have a strong expectation that all players will exhibit good sportsmanship, be supportive teammates, and always do their best at practice, during games, and in the classroom. We want all the girls to have a fun, positive experience. So please continue working hard to keep your spot on the team. Students unable to meet team expectations may be asked to miss games or be excused from the team.

## Communication

We will use "Remind" to send out team information. Remind codes will be sent home later this week. For other questions please feel free to email [ggaines@tanq.org](mailto:ggaines@tanq.org)
