

# Art Grading Policy

**Projects-** Most projects will be evaluated using the "Art Project Rubric". Every student will be provided with a copy of this rubric and an explanation of how to meet the desired results.

\*Regarding the "requirements" for each project, when each project is introduced and discussed in class I will provide specific details based on the project that you will be expected to include in your artwork.

Some projects will be worth points, based on the amount of work needed to complete the assignment. If you turn in the work, you will receive the points, if you don't, you will receive zero points.
