**TVUSD 2018-19 School Year Calendar Survey - Open until November 30th**

---

## **TVUSD District Calendar Survey**

### **2018-19 School Year Calendar**

Dear TVUSD Faculty, Staff, Parents/Guardians and Students,

We invite your input as the 2018-19 School Year Calendar is developed. In order to ensure the final calendar options reflect the preferences of staff and community to the extent possible, the calendar is being developed through the following four (4) step process:

- 1) **District Calendar Survey\*** - A short survey with questions regarding preferences regarding school start date, parent-teacher conferences, Winter Break dates, and grading days is being distributed via Constant Contact and on the district website. (See link below)
- 2) Site Councils - Each school's Site Council will be asked to review initial calendar proposals developed from the initial survey data.
- 3) Initial proposed calendars will be adjusted and taken for final review to the District Calendar Committee.
- 4) Two final calendar options will be presented through a second survey via Constant Contact and on the district website.

This process is scheduled to be completed in time for the 2018-19 School Year Calendar to be placed on the January 11th Governing Board Meeting for board approval.

**\*Please participate in the survey by Thursday, November 30th, by using this link:**
